RB+B ARCHITECTS WELCOMES NEW ARCHITECT

Fort Collins, CO (September 24, 2009) – RB+B Architects welcomes its newest architectural team member, Jeffrey Fiftal, AIA, LEED AP.

Jeff brings a variety of professional experience to the firm's sustainably-focused design, including recognition as a LEED Accredited Professional and a skilled understanding of Building Information Modeling. His past projects include civic, higher education, K-12, religious and commercial design. He is currently on the Aurora Hills Middle School team to design a replacement middle school in Aurora, Colorado. The project is a joint venture with Slaterpaul Architects of Denver.

Jeff is a 2004 graduate of California Polytechnic State University in San Luis Obispo and a licensed architect in both Colorado and California. He is also member of the US Green Building Council.
